

BELORADO 02

We are sorry, but this model has been sold out and cancelled from our product range.

Please look at following alternative models:

- EVORA 02 serpentine - fireplace stove
- LAREDO 02 serpentine - fireplace stove
- LUGANO 02 serpentine - fireplace stove
- LUGO N 02 serpentine - fireplace stove
- OVALIS 02 serpentine - fireplace stove
- OVALIS G 02 serpentine - fireplace stove

This fireplace stove is suitable for low-energy homes. The fully glazed door is decorated with designer prints. An EAI (External Air Intake) system is included. The standard version includes the option to connect an upper or rear flue gas exhaust. Thanks to the secondary air intake, the door glass is air-washed to prevent the cumulation of soot. The combustion chamber is lined with chamotte brick tiles. The primary and secondary air intakes are regulated by a single control element. The lower part of the stove includes a storage area with a door for a small amount of wood or tools.
