

CARA CS 03

We are sorry, but this model has been sold out and cancelled from our product range.

Please look at following alternative models:

- CARA CS N 03 steel - design accumulation fireplace with lifting door

The perfect minimalistically designed accumulation design fireplace Romotop CARA CS 03 sets a new trend in heating. This elegant phenomenon with three-sided glazing, sophisticated details and optimum functionality will satisfy even the most demanding customers.

- silent and easy lifting door operation with **Silent Lift** – the newest roller system
- precise door fitting in the rollers
- possibility to install **accumulation parts** above the combustion chamber
- long-lasting radiation of heat
- suitable for low-energy houses
- double back shields allow to place a fireplace stove very close to the wall
- the slim space-saving design
- decorative steel facing
- **innovative Romotop DOUBLE SPIN flue gas system**
- chamber without grate – grate and ashpan is an option on demand
- combustion chamber lined with genuine bricks
- regulation of primary and secondary air intake with a single control lever
- tertiary air intake
- ready for an external connection of the combustion air intake (EAI)
- high-quality of used materials and technical workmanship
- accumulation parts for additional charge
- complies with the following standards: EN 13 240, DIN+, 15a B-VG from 2015, Bimsch V 1/2, Czech Republic Clean Air Act
