

ESQUINA

We are sorry, but this model has been sold out and cancelled from our product range.

Please look at following alternative models:

- ESQUINA 3G steel - fireplace stove

The slim ESQUINA fireplace stove model, with its sharply defined lines, will draw the attention of every visitor to the room. Outstanding corner glass door provides more intense visual contact with the flames from all parts of the room. The elegant black print on glazing creates a contrast to the stainless control elements. The massive vertical handle of the stove can be operated by the user in a natural standing position. Pneumatic closing of the stove door is quiet and reliable.

- control of primary and secondary air circulation with a single lever
- white Matrix chamottes with a massive cast-iron grate
- preheating of primary/secondary air for efficient and ecological combustion
- suitable for low-energy houses
- accumulation set for longer heat radiation as option accessory
- ready for an external connection of the combustion air intake (EAI)
- top and back flue gas exhaust

order code: **ESQUINA**

Technical parameters

Height	1514 mm
