

## LUGO 04

**We are sorry, but this model has been sold out and cancelled from our product range.**

Please look at following alternative models:

- LUGANO 04 sandstone - fireplace stove
- LUGO N 04 sandstone - fireplace stove

The oval shape of the LUGO fireplace stove gives the interior a cozy feeling. It includes nice details, such as a sill above the furnace or the door handle whose technical design lends the LUGO fireplace stove an elegant look. Sandstone is a natural material. That is why it radiates heat into the room long after the fire has burned out.

- possibility to install accumulation elements on the back side of LUGO
- high heat radiation capacity thanks to accumulation elements
- long-lasting radiation of heat
- suitable for low-energy houses
- possibility to connect an upper or rear flue gas exhaust
- ready for an external connection of the combustion air intake (EAI)
- preheating of the secondary air to keep the glass clean
- regulation of primary and secondary air intake by a single control element
- closable wood storage for a smaller amount of wood
- accumulation parts for additional charge

order code: **LUGO 04**

## Technical parameters

|                              |            |
|------------------------------|------------|
| Height                       | 1213 mm    |
| Width                        | 560 mm     |
| Depth                        | 470 mm     |
| Weight                       | 195 kg     |
| Regulated output             | 3,0-7,7 kW |
| Smoke flue diameter          | 150 mm     |
| Flue socket diameter         | 150 mm     |
| External air intake diameter | 125 mm     |
| Axis height of rear outlet   | 1095 mm    |
| Draught                      | 12 Pa      |
| Efficiency                   | 80,1 %     |
| Average wood consumption     | 1,7 kg/h   |
| A                            |            |
