

VARIANT RN/LN 03

We are sorry, but this model has been sold out and cancelled from our product range.

Please look at following alternative models:

- CARA C N 03 steel design accumulation fireplace with lifting door
- CARA CS N 03 steel design accumulation fireplace with lifting door

Indeed, this high quality fireplace is especially suitable for low-energy homes. The modular system allows you to design your own fireplace. An EAI (External Air Intake) system is included. The innovative DOUBLE SPIN flue gas system increases the fireplace's efficiency. The standard version includes the option to connect an upper or rear flue gas exhaust. Thanks to the secondary air intake, the door glass is air-washed to prevent the cumulation of soot. The combustion chamber is lined with chamotte brick tiles. The primary and secondary air intakes are regulated by a single control element. Additionally, you can purchase extra accumulation elements that radiate heat long after the fireplace has gone out. The fireplace prominently features varnished steel.

Bent glazing - right variant - order code: VARI RN 03

Bent glazing - left variant - order code: ${\bf VARI\ LN\ 03}$

Technical parameters

Height 1092 mm Width 700 mm 470 mm Depth 407 mm Door height Door width 577 mm Door depth 307 mm Weight 164 kg Regulated output 2,9-7,4 kW Smoke flue diameter 150 mm Flue socket diameter 150 mm External air intake diameter 125 mm

Axis height of rear outlet 1179/1369/1559/1749 mm
